1. INTRODUCTION

- 1.1. The Health Practitioners Competence Assurance Act 2003 (the Act) provides a framework for the regulation of health care providers. Among other responsibilities set out in section 118 of the Act, it is the Podiatrists Board's (the Board) role to recognise, accredit and set programmes to ensure the ongoing competence of health practitioners.
- 1.3. In order to meet this obligation, the Board has set a recertification programme under section 41(3)(f) of the Act, requiring all podiatrists who hold a practising certificate to actively engage in continuing professional development (CPD) in accordance with the requirements set out in this policy.
- 1.4. Accordingly, the Board requires all podiatrists who hold a practising certificate (unless otherwise exempted) to engage in CPD, as prescribed by this policy, to maintain their competence. This policy will be known as the CPD recertification programme.

2. WHAT IS CPD

- 2.1. While an appropriate qualification provides the knowledge and skills necessary to enter the profession, it is by no means the final step of the educational process. For the safety of their patients, podiatrists are obliged to remain current on advances and trends in delivery of relevant healthcare services. This is achieved through participation in a variety of activities that constitute CPD.
- 2.2. CPD is a career-long obligation which must be responsive to the changing needs of individuals, groups and society. In this regard, the Board recognises that individuals learn in different ways. To address individual learning needs, the CPD recertification programme provides some freedom for each participant to self-direct their learning, however this is balanced against a need for evidence that meaningful and relevant learning is taking place.

3. CORE REQUIREMENTS OF CPD RECERTIFICATION PROGRAMME

3.1. All podiatrists who hold an annual practising certificate must engage in a minimum of 40 hours of CPD in every two-year recertification cycle, which include:

1	COMPULSORY ACTIVITIES 8 of the 40 hours' (minimum) CPD engagement must be Compulsory Activities (see Appendix 1 for full explanation of activities)
2	PROFESSIONAL COMMUNICATION ACTIVITIES 16 of the 40 hours' (minimum) CPD engagement must be Professional Communication Activities (see Appendix 1 for full explanation of activities)
3	PROFESSIONAL LEARNING ACTIVITIES 16 of the 40 hours' (minimum) CPD engagement must be Professional Learning Activities (see Appendix 1 for full explanation of activities)
4	BASIC LIFE SUPPORT Basic life support Anaphylaxis certification

The first recertification cycle under this policy begins on 1 January 2018 and ends on 31 December 2019. An overview of the CPD recertification requirements is displayed in Figure 1 with specific details of requirements detailed in Appendix 1. Additional documentation associated with the CPD recertification programme are detailed in Appendix 2.

4. PRO-RATING OF REQUIREMENTS

Where a podiatrist obtains a practising certificate part way through a cycle, their CPD requirements will be reduced on a pro-rata basis, as follows:

ANNUAL PRACTICING CERTIFICATE ISSUED	PROFESSIONAL COMMUNICATION ACTIVITIES	PROFESSIONAL LEARNING ACTIVITIES	COMPULSORY ACTIVITIES
YEAR 1: JAN – MAR	16	16	Required
YEAR 1: APR – JUN	14	14	Required
YEAR 1: JUL – SEP	12	12	Required
YEAR 1: OCT – DEC	10	10	Required
YEAR 2: JAN – MAR	8	8	Required
YEAR 2: APR – JUN	6	6	Required
YEAR 2: JUL – SEP	4	4	Required
YEAR 2: OCT – DEC	2	2	Required

5. TRANSPARENCY AND SECURITY

- 5.1. Transparency of procedure is an important principle of the CPD recertification programme. The Board has established the following rules and procedures to ensure transparency.
- 5.2. Information entered by the participant into the Online CPD Record can be edited and updated at any time in each calendar year until midnight on 31 December at the end of each year. This data will be captured and saved by the Online CPD Record at that time. Participants can continue to use the Online CPD Record as usual. Dates of access will be recorded, however edits to content made before the annual close-off date will not be tracked.
- 5.3. The participant's Board registration number will be their identifier. The participant's Board registered email address will be their Login name. The participant will set their password.
- 5.4. The participant will have online access to all data recorded about them on the Online CPD Record, and the Registrar will provide the participant with a hard copy of this data if requested to do so.
- 5.5. Participation or otherwise in CPD may be relevant to consideration of competence and conduct issues notified to the Board in relation to any individual practitioner. In such cases, this information will be accessed on the Online CPD Record by Board staff and provided to the Board, Professional Conduct Committee, or other appropriate delegate(s).

6. REVIEW OF POLICY

- 6.1. The Board will review this policy periodically. Minor amendments for administrative purposes may be made without consultation, however, where the Board considers that a proposed amendment(s) amounts to a substantive change in recertification requirements, the Board will consult with stakeholders before deciding whether to implement the proposed amendment(s).

Date of Board approval: 27 June 2017
